

THERE IS DEATH

IN
THE POT

There Is Death In The Pot

- And Elisha returned to Galgala: and a famine in the land; and the sons of the prophets sat before him: and Elisha said to his servant, Set on the great pot, and boil pottage for the sons of the prophets. And he went out into the field to gather herbs, and found a vine in the field, and gathered of it wild gourds, his garment full; and he cast it into the caldron of pottage, for they knew not. And he poured it out for the men to eat: and it came to pass, when they were eating of the pottage, that lo! they cried out, and said, [There is] death in the pot, O man of Aluhiym. And they could not eat. (2 Kings 4:38-40, LXXE)

Satan's Targets

- Satan works to infiltrate, mix, deceive, desecrate, and destroy anything that ~~aff~~ blesses or sanctifies:
 - His Son (Genesis 12:3; Psalm 118:26; Hosea 11:1; Hebrews 1:3)
 - His Name (Psalm 72:19; Psalm 113:2)
 - His Word (Deuteronomy 28:2-8; Isaiah 40:8; Psalm 18:30/33:4)
 - His Sabbath (Genesis 2:2-3; Leviticus 23:2; Exodus 20:11; Isaiah 58:13-14)
 - His Feasts (Leviticus 23:2/4; Exodus 13:9)
 - His People (Genesis 1:28; Genesis 12:3; Isaiah 56:2; Psalm 33:12)
 - His Creation (Genesis 1:10/12/18/21/25/31)
 - His Land (Ezekiel 20:15)

Pigs... Unclean

- And the swine, though he divide the hoof, and be clovenfooted, yet he cheweth not the cud; he is unclean to you. Of their flesh shall ye not eat... they are unclean to you. (Leviticus 11:7)
 - And the swine... it is unclean unto you: ye shall not eat of their flesh, nor touch their dead carcase. (Deuteronomy 14:8)
- This is the people that provokes Me continually in My presence...they that eat swine's flesh... all their vessels are defiled (Isaiah 65:3-4, LXXE)
- They that... eat swine's flesh in the porches, and the abominations, and the mouse, shall be consumed together, saith אף אף. (Isaiah 66:17, LXXE)

His Anger Unto The **Unclean**

- **...If any man will come after Me, let him deny himself, and take up his cross, and follow Me.** (Matthew 16:24)
- Mortify therefore your members which are upon the earth; fornication, **uncleanness**, inordinate affection, evil concupiscence, and covetousness, which is idolatry: **For which things' sake the wrath of Aluhiym cometh on the children of disobedience:** In the which ye also walked some time, when ye lived in them. (Colossians 3:5-7)
 - Mortify (G3499, Νεκρώσατε), to deaden, i.e. (figuratively) **to subdue**, be dead, mortify
 - “wrath” (G3709, ὀργή), to teem, denoting an internal motion, movement or agitation of soul, especially anger (Thayer's Greek Lexicon)

Come Out Of Her My People For The Plagues Have Come

- Woe to them that sin, and keep not My commandments! saith אֱלֹהִים. I will not spare them: go your way, ye children, from the power, defile not My sanctuary. For אֱלֹהִים knoweth all them that sin against Him, and therefore delivereth He them unto death and destruction. For now are the plagues come upon the whole earth and ye shall remain in them: for Aluhiym shall not deliver you, because ye have sinned against Him. (2 Esdras 15:24-27)

Unclean And Food Preparation

- And on whatsoever one of their dead bodies shall fall it shall be unclean; whatever wooden vessel, or garment, or skin, or sack it may be, every vessel in which work should be done, shall be dipped in water, and shall be unclean till evening; and [then] it shall be clean. And every earthen vessel into which one of these things shall fall, whatsoever is inside it, shall be unclean, and it shall be broken. And all food that is eaten, on which water shall come [from such a vessel], shall be unclean; and every beverage which is drunk in any [such] vessel, shall be unclean. And every thing on which there shall fall of their dead bodies shall be unclean; ovens and stands for jars shall be broken down: these are unclean, and they shall be unclean to you. (Leviticus 11:32-35, LXXE)

The Fat

- If his oblation be a sacrifice of peace offering, if he offer it of the herd...of the flock... And if his offering be a goat...And he shall offer thereof his offering, even an offering made by fire unto אֵף אֵז; the fat that covereth the inwards, and all the fat that is upon the inwards, And the two kidneys, and the fat that is upon them, which is by the flanks, and the caul above the liver, with the kidneys, it shall he take away. And the priest shall burn them upon the altar: it is the food of the offering made by fire for a sweet savour: all the fat is אֵף אֵז's. It shall be a perpetual statute for your generations throughout all your dwellings, that ye eat neither fat nor blood. (Leviticus 3:1/6/12/14-17)

- Suet is hard fat found in the neighborhood of the kidneys and around some other organs from cows, sheep, goats, or pigs.

Animal Hard Fats

- Animal hard fats (suet, tallow, lard)
 - **Suet** is hard fat found in the neighborhood of the kidneys and around some other organs from cows, sheep, goats, or pigs.
 - **Tallow** is a euphemism for suet from cows, sheep and goats. Tallow starts with the extraction of suet from a carcass.
 - Tallow and other animal fats are used for cosmetics, pharmaceuticals, personal care products, inks, paints, coatings, adhesives, lubricant and soaps. Tallow is also used in industrial animal feed and in bird food
 - **Lard** is suet from pigs. There is no guarantee or regulations in place to ensure that a manufacturer does not mislabel pig fat (lard) as tallow.
 - Lard is also used in a large number of products.

Disguised/ Unclean Animal Hard Fat Ingredients

- These fatty acids are used in soaps, stable creams, lotions, ointments, deodorants/antiperspirants, foundation creams, hand lotions, cosmetics, hair straightening products, shaving creams, some foods (including margarine, shortening and other baking ingredients), a softener in chewing gum base, and suppositories
- Frequently obtained from a slaughterhouse by-product known as tallow or animal fat.
 - **Stearic Acid** - a wax-like fatty acid, frequently sourced from tallow
 - **Myristic Acid** - a minor component of many other animal fats
 - **Palmitoleic Acid** - sourced from animal tallow
 - **Linoleic Acid** - sourced from animal tallow
 - **Oleic Acid** – an omega-9 fatty acid found in various animal sources
 - **Palmitic Acid** - one of the most common fatty acids found in animals
 - **Lauric Acid** – found in cow's milk, and goat's milk (likely clean)

Other Disguised/ Unclean Animal Hard Fat Ingredients

- **Glycerides** (mono/di/and tri) tend to be derived from animal fats, and are used frequently by the food industry.
 - Mostly used as “Mono and diglycerides”
- **Glycerin** is used in soaps, toothpastes, mouthwashes, chewing gum, ointments, pharmaceutical formulations, cough syrups, elixirs and expectorants. It is also used extensively in cosmetics, including in perfumes and lotions, skin care products, shaving cream, and hair care products. It even makes its way into inks, glues and plastics, lubricants, anti-freeze, a thickening agent in liqueurs, and brake fluid.
- **Glycerin(e) or Glycerol** (labeled E422 in food) is a byproduct of soap manufacturing, and can be either synthetic, or derived from plants (usually soybeans) or animals (usually tallow).
- **Polyglycerol** (a derivative) can be found in some shortening and margarine.

Animal Hard Fats Hidden In Food Mono and Diglycerides

- “If you eat anything processed (tortillas, bread, ice cream) monoglycerides and diglycerides are nearly impossible to avoid.” *

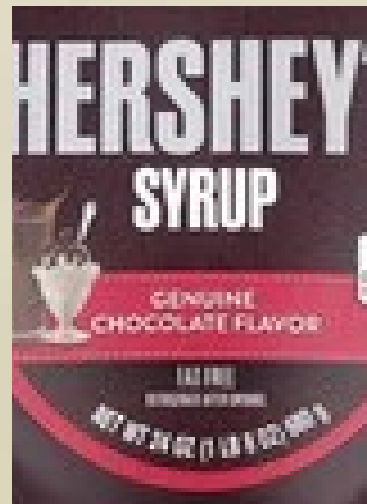

Monoglycerides

Mono and Diglycerides

Mono and Diglycerides

- Nutrient Content Claims: Kosher (Made with kosher dairy)
- CONTAINS BIOENGINEERED FOOD INGREDIENTS
- Mono and Diglycerides
- Contains 2% or less of Natural Flavors

Hidden/ Unclean Animal Hard Fat Soaps and Shampoos

- But you should always that assume soap contains animal-based ingredients unless the label says otherwise... Ivory Soap, for instance, carries the phrase “99.44% pure” on its label. Yet the stuff is largely made from rendered animal fat obtained from slaughterhouses. Soap made from animal fat often has “sodium tallowate” listed on its label... *

* <https://vegan.com/beauty/soap/>

Hidden Unclean Animal Fat Beauty Products

- Beauty companies tend to spend a fortune on fancy packaging while cutting corners on their products' actual ingredients. Viscous fats and proteins are the primary components of most beauty products. And **there's no cheaper source of these substances than a slaughterhouse**. That means that **most beauty products**, unless they are deliberately formulated to be vegan, **contain animal ingredients**.
- Unlike food, you won't be able to determine an item's vegan status by reading the ingredient panel. That's because **beauty companies use countless substances** that aren't allowed in food. And some of **these chemicals can be made from** vegan or **animal sources**. Even if you had unlimited amounts of time, you'd find it nearly impossible to track down the origin of all the ingredients for a given cosmetic product. *

Hidden Animal Fat and Unclean

- **Neither repented they of their murders, nor of their sorceries, nor of their fornication, nor of their thefts.**
(Revelation 9:21)
 - Sorceries – pharmakeia (G5331, φαρμακειῶν), medication ("pharmacy"), i.e. (by extension) magic (literally or figuratively): sorcery, witchcraft.
- Magnesium stearate – Uses **Stearic Acid**
 - Used in most over the counter medications in pill form (pharmakia)

Some Non-Animal Shampoos

- The bestselling vegan shampoos*:
 - **100% PURE: Kelp & Mint Volumizing Shampoo**
 - **Aspen Kay: Shampoo Bar**
 - **Acure: 100% Vegan Ultra Hydrating Shampoo**

Hidden Unclean Animal Fat

“Natural Flavors”

Both natural and artificial flavors are synthesized in laboratories, but artificial flavors come from petroleum and other inedible substances, while **“natural flavor” can refer to anything that comes from** a spice, fruit or fruit juice, vegetable or vegetable juice, edible yeast, herb, bark, bud, root, leaf, **meat**, **seafood**, poultry, eggs, dairy products, or anything fermented from those foods, according to Food and Drug Administration spokesperson Deborah Kotz.

To create a passionfruit-flavored product with actual passionfruit... flavorists would need to consume a quarter of the world's passionfruit supply... Instead, the flavor team will look for **cheaper sources** that mimic the fruit's molecular fingerprint... Once she has the base substance, she'll dilute it with water, **glycerin**, or ethanol... And despite the fact that these flavors are blended in a lab, they'd still be considered natural on a label... according to the CDC.

The FDA doesn't require food labels to say what's in their “natural flavor” unless the ingredients include a common allergen like milk, egg, fish, shellfish, tree nuts, wheat, peanuts, or soy... **For those of us who want to know exactly what's in our food, well, we're not going to get clarity any time soon.**

Cochineal (Bug Juice)

“Natural Flavors”

COCHINEAL

Genus and species: *Coccus cacti* L.

Family: Coccidae

CAS No.:	1343-78-8	FL No.:	n/a	FEMA No.:	2330	NAS No.:	n/a
CoE No.:	n/a	EINECS No.:	n/a	JECFA No.:	n/a		

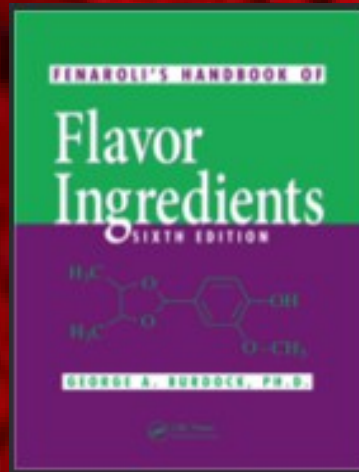

Description: **Cochineal** is a red coloring material from the dried bodies of the female insect *Coccus cacti* and harvested from cultivated cacti. The raw material is obtained primarily from the Canary Islands and parts of South America. Boiling **cochineal** with mineral acid produces **carmine red** ($\text{C}_{12}\text{H}_{12}\text{O}_7$). Precipitating a mixture of **cochineal** and alum produces a bright red pigment. **Cochineal** is used as a color additive in food, drugs and cosmetics. It is also used as a microscopic stain and biological marker.

Reported uses (ppm): (FEMA, 1994)

Food Category	Usual	Max.
Alcoholic beverages	7.00	100.00

Food Category	Usual	Max.
Meat products	2.00	4.00

It is a popular food color, used in yogurt, candy, gelatin, meat, and beverages including fruit juices. Also cosmetics.

From: Fenaroli's Handbook of Natural Flavors, Sixth Edition, George A. Burdock (2010)

Castoreum (Beaver Juice)

“Natural Flavors”

CASTOREUM

Genus and species: *Castor fiber* L. and *C. canadensis* Kuhl.

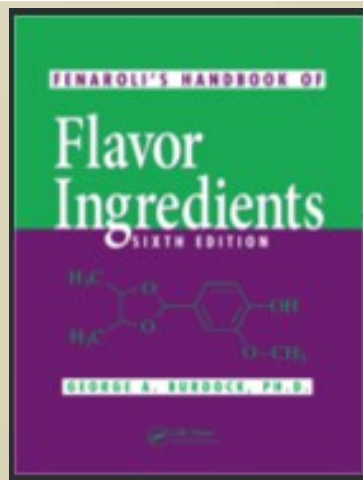

Animal family: Castoridae

Foreign names: Castoreum (Fr.), Bibergeil (Ger.), Castoreo (Sp.), Castoreo (It.)

Description: Castoreum is a secretion from the male or the female beaver. The name designates the dried follicles and the glandular secretion. The animals are widely encountered in Alaska, Canada and Siberia. Castoreum is removed from the animal during the skinning period and is dried in the sun or sometimes over burning wood. The fresh pouch contains a yellowish, butter-like mass with a fetid, sharp, aromatic odor. The dried product is dark-brown, hard and resinous. Canadian pouches are wrinkled, pear-shaped, almost flat, from 6 to 15 cm long and 4 to 8 cm wide. Siberian pouches are ovoid and smooth, slightly larger in size, but valued less commercially. The part used is scent gland secretion from castor sacs (dried and ground). Castoreum has a warm, animal-sweet odor, becoming more pleasant on dilution. Sometimes a birch, tar-like, musky odor is also perceptible.

Derivatives: Dried secretion, tincture, resinoid, absolute. The resinoid is prepared by extraction of the dried, ground pouches using petroleum ether. The absolute is prepared by the alcoholic extraction of the resinoid.

- Castoreum is a beaver castor sac glandular secretion next to its anal canal and mixed with urine to mark territory.

Castoreum

“Natural Flavors”

CASTOREUM EXTRACT

Other names: Castorem oil; Castoreum absolute; Castoreum oil; Castoreum resinoid; Castoreum tincture; Hyperabsolute castoreum; Oils castoreum

CAS No.:	8023-83-4	FL No.:	n/a	FEMA No.:	2261	NAS No.:	2261
CoE No.:	3002 (554)	EINECS No.:	232-427-5	JECFA No.:	n/a		

Description: Prepared by direct extraction with hot alcohol. It is not a true absolute and it is not clearly soluble in cold alcohol. The yield by hot alcohol extraction is about 75 to 80% of a dark-brown, soft, unctuous mass. Extract is used as flavor components (particularly in vanilla flavorings) in most food and beverages. For other details of description, also see **Castoreum**.

Consumption: Annual: 96.67 lb

Individual: 0.000081 mg/kg/day

Regulatory Status:

CoE: Category 5. Use levels in ppm: Baked goods 68.47; frozen dairy 26.26; meat products 2; soft candy 44.10; gelatins, puddings 47.34; nonalcoholic beverages 29.77; alcoholic beverages 93.69; gravies 0.60; hard candy 24.17; chewing gum 42.09.

FDA: 21 CFR **182.50**, 582.50

FDA (other): n/a

JECFA: n/a

Trade association guidelines: FEMA PADI: 15.479 mg

Hidden Unclean Animals and Fat Frozen Meat Additives

- ...behind the scenes of food manufacturing, frozen meat is being defrosted, pumped up with water and **additives**, then re-frozen all over again, and **consumers are none the wiser**.
- Though this week's news has focused on chicken, the technique of adding water and additives is applied to a vast range of produce... Indeed, **almost any** low-grade, mass-produced, **frozen or processed meat** will have been treated this way.
- The controversial process usually begins when the manufacturer acquires his supply of what is called 'trim', usually pieces of boned, frozen meat... His next task is to bulk out the trim by getting it to absorb water and **additives** (called a brine). The brine consists of water and five main sources (separately or mixed together):
 - transglutaminase, an enzyme that is essentially a natural glue ("**meat glue**")
 - hydrocolloids, substances that form a gel on contact with water
 - phosphate, which is taken from phosphoric acid and is valued for its ability to make oil adhere to water
 - fibre, made from a source such as wheat, citrus or cellulose (wood)
 - protein powder, which is made by extracting collagen from **pigs' skins**, chicken stock, or a soya protein that tends to be made from **genetically modified crops**

The People Are Defiled

- Thus saith **אלהים** Almighty; Inquire now of the priest [concerning] the law, saying, If a man should take set apart flesh in the skirt of his garment, and the skirt of his garment should touch bread, or pottage, or wine, or oil, or any meat, shall it be set apart? And the priests answered and said, No. And Haggai said, If a **defiled** person who is **unclean** by reason of a dead body, touch any of these, shall it be **defiled**? And the priests answered and said, It shall be **defiled**. And Haggai answered and said, So is this people, and so is this nation before me, saith **אלהים**; and so are all the works of their hands... (Haggai 2:11-14, LXXE)

Industrial Brine Mixing and Injection Equipment

Brine mixer

Brine injector

Chicken injection

The injection needles

Fish injection

No Mixing

- Ye shall observe My law: thou shalt not let thy cattle gender with one of a different kind, and **thou shalt not sow thy vineyard with diverse seed**... (Leviticus 19:19, LXXE)

– diverse (G1313, διάφορον), varying; also surpassing: differing, diverse, more excellent

Thou shalt not sow thy vineyard with diverse seed, lest the fruit be devoted, and whatsoever seed thou mayest sow, with the fruit of thy vineyard. (Deuteronomy 22:9, LXXE)

Hidden Mixing - GMOs

- Genetically modified (GM) foods are foods derived from organisms whose genetic material (DNA) has been modified in a way that does not occur naturally, e.g. through the introduction of a gene from a different organism. The technology is often called “modern biotechnology” or “gene technology”, sometimes also “recombinant DNA technology” or “genetic engineering”. Currently available GM foods stem mostly from plants, but **in the future** foods derived from GM microorganisms or **GM animals are likely to be introduced on the market.** (https://www.who.int/health-topics/food-genetically-modified#tab=tab_1)
- From Jan 1, 2010: FAO/WHO expert meeting on **the application of nanotechnologies in the food and agriculture sectors**: potential food safety implications: meeting report (<https://www.who.int/publications/i/item/9789241563932>)
- Aug 31, 2015: Lawsuit Accuses Federal Government of Withholding Info on GMO Crops for 10 Years: the longer APHIS (**the USDA**) fails to regulate the GMO crops, the more the environment will face damage, including transgenic contamination of nearby crops, pesticide drift, and endangerment of protected species. <https://www.activistpost.com/2015/08/lawsuit-accuses-federal-government-of-withholding-info-on-gmo-crops-for-10-years.html>

GMO Sugar/ Herbicide

- The very worst sugar for your health is **GMO beet sugar**. Innocently called “sugar”, sadly **almost all restaurants use it.** GMO beet sugar represents 55% of all sugar consumed in the USA. But like a double whammy, it gives you a dangerous blood sugar rush, with a toxic side of GMO's and Monsanto's herbicide Glyphosate. **A known carcinogen,** Glyphosate has been proven to cause Autism, Parkinson's disease, and Obesity. Starbucks uses it in all their coffees and bakery items.

<https://janeshealthykitchen.com/avoid-gmo-beet-sugar-in-restaurants/>

<https://janeshealthykitchen.com/cancer-maps-and-glyphosate-in-the-usa-zach-bush-md/>

Organic Is Not Always Non-GMO

- GMO contamination is happening in certified organic products.
- Organic certification doesn't address new GMOs.
- There is a lack of clarity on actually defining GMOs in the organic certification.
- The National Organic Program has no action threshold or enforcement for GMO contamination.

Food Label Summary

- USDA Organic certified:
 - No chemical pesticides used
 - Faulty non-GMO regulation
 - Animal products or by-products allowed
- Non-GMO certified:
 - Strict compliance for non-GMO
 - Not associated with USDA www.nongmoproject.org
 - Possible that GMO feed is used for Animal-derived ingredients
- Vegan certified:
 - Not associated with USDA www.vegan.org
 - Does not contain animal products or by-products
 - Companies allowed to use shared machinery (also runs products containing animal products/ ingredients, must be cleaned between use)

WARNING: U.S. food supply will soon be contaminated with mRNA vaccine-tainted MEAT – beware the source of your beef, pork and seafood

No Cattle Enhancements

- Ye shall observe My law: thou shalt not let thy cattle gender with one of a different kind... (Leviticus 19:19, LXXE)
 - “gender” - (N/A, κατοχεύσεις), ~~future active indicative 2nd person singular tense of κατοχεύω~~
 - ~~(κατοχεύω, have a female animal covered, cf. Hsch.)*~~
 - ~~(κατωχευμένος, fertilized, Mitteis Chr. 151.26 (iii A.D.))*~~
 - “different kind” (G2086, ἕτεροζύγω), from G2087 and G2218, to yoke up differently, to associate discordantly (2 Corinthians 6:14), “contract an ill-matched alliance**”
 - (G2087, ἕτερος), of uncertain affinity; other or different: altered, another, some, strange.
 - (G2218, ζυγός), to join, a coupling, the beam of the balance, yoke

The LSJ is incorrect

Hsch. - Hesychius of Alexandria,
“Alphabetical Collection of All Words”

Bailly, Dictionnaire Grec Francais (1935)

ἕτεροζυγέω-ω [ῥ] tirer le joug d'un autre côté que son compagnon ; fig. contracter une alliance mal assortie : τιμ., NT. 2 Cor. 6, 14, avec γγῆ (ἑτερόζυγος).

**<https://archive.org/details/BaillyDictionnaireGrecFrancais/page/819/mode/1up?view=theater>

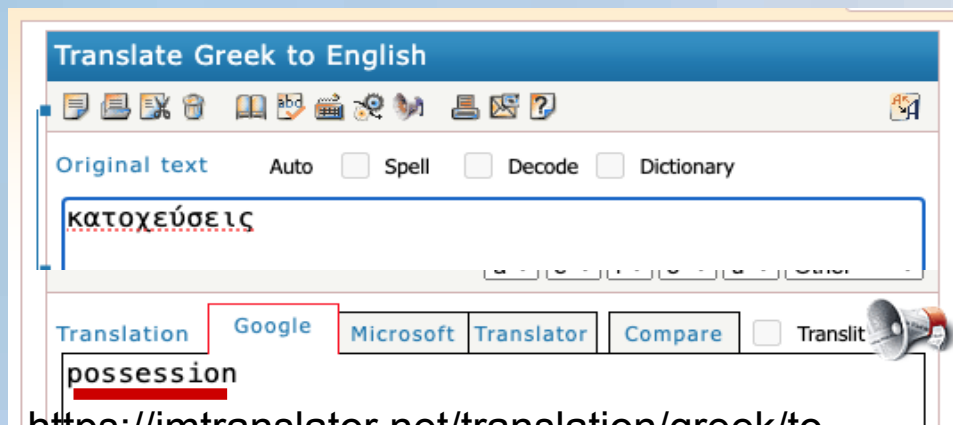

No Cattle Enhancements

- ...thou shalt not let thy cattle gender with one of a **different kind**... (Leviticus 19:19, LXXE)
- ...Thou shalt not let thy cattle gender (H7250) with a **diverse kind**... (Leviticus 19:19, KJV)
 - gender (H7250, תרביע), to squat or lie out flat, i.e. (specifically) let gender, used 3 times in the MT:
 - Leviticus 18:3:
 - KJV: neither shall any woman stand before a beast to lie down (H7250)
 - LXXE: neither shall a woman present herself before any quadruped to have connexion (N/A, βιβασθῆναι)
 - Leviticus 19:19:
 - KJV: Thou shalt not let thy cattle gender (H7250) with a **diverse kind**
 - LXXE: thou shalt not let thy cattle gender (N/A, κατοχεύσεις) with one of a **different kind**
 - Leviticus 20:16:
 - KJV: if a woman approach unto any beast, and lie down (H7250) thereto
 - LXXE: whatever woman shall approach any beast, so as to have connexion (N/A, βιβασθῆναι) with it

Βιβασθῆναι (to mount) is a different word than κατοχεύσεις (to possess)

No Cattle “Biological Improvements”

- ...thou shalt not let thy cattle **gender** with one of a **different kind**...
(Leviticus 19:19, LXXE)
 - τὰ (the) κτήνη (cattle) σου (your) οὐ (never) **κατοχεύσεις** (you will possess) **ἑτεροζύγω** (heterogenous)
 - ...*thou shalt not let thy cattle possess with one of a different kind*...
 - **κατοχεύσεις** (N/A), possibly a type of future active infinitive 2nd person tense (σεις*) of **κατέχω**/κατοχή
 - κατοχή (N/A), **possession**, occupation (control of a country by a hostile army), cf Joshua 22:19/Acts 7:5 (G2697), Ezekiel 45:8
 - (G2697, κατάσχεσις), from G2722, a holding down, i.e. occupancy, possession
 - (G2722, **κατέχω**), to hold down, **possess**, retain, seize on

<https://imtranslator.net/translation/greek/to-english/translation/>

heterogenous adjective

het·er·og·e·nous (het-ə-rāj-ə-nəs)

- 1 : originating in an outside source
especially : derived from another species
| heterogenous bone grafts

U.S. Considers Vaccinating Chickens as Bird Flu Kills Millions of Them

the government

The largest outbreak of avian influenza in U.S. history has driven up egg prices and raised concerns about a human pandemic, though C.D.C. experts say the risk of that is low.

By Sheryl Gay Stolberg and Emily Anthes

March 6, 2023

WASHINGTON — The Biden administration, keeping a watchful eye on an outbreak of avian influenza that has led to the deaths of tens of millions of chickens and is driving up the cost of eggs — not to mention raising the frightening specter of a human pandemic — is contemplating mass vaccination campaign for poultry, according to White House officials.

Usda

ars.usda.gov › research › project

Project : USDA ARS

Objective: Make mRNA vaccines which will be used to inoculate chickens to reduce levels of
Salmonella Infantis. Cooperator will supply the mRNA vaccines, methods, and advice to help
ARS produce and evaluate a working vaccine for use in chickens that will lead to immune
reduction of S. Infantis ...

Poultry

Protect With Innovax®

A Focus on Firsts: INNOVAX®-ND-IBD and EXZOLT® Launches

MSD Animal Health launches
INNOVAX®-ND-IBD, the first
ever biotech-based vaccine that
provides life-long protection
against three incredibly
infectious poultry diseases

**2017**

MSD Animal Health has continued to develop breakthrough solutions for problems affecting poultry, including a line of vaccines that offer long-term protection against the most infectious diseases threatening commercial poultry operations today.

Innovax®-ILT-IBD is a dual HVT construct vaccine made with biotechnology that protects against ILT, IBD and MD with a single vaccination. It offers the convenience of a single immunization to improve flock immunity and minimize operational disruption, without inducing post-vaccinal reactions, reversion to virulence or interference with other respiratory vaccines.

Similar to messenger RNA (mRNA) vaccines that protect humans against COVID-19, this cutting-edge poultry vaccine uses DNA viral vaccine technology to teach the chicken's immune system to recognize and react to a component of a pathogen, giving the chicken's body the capability to react to future infections.

Acquisition of Antelliq

MSD Animal Health acquires
Antelliq Corporation and
becomes the global leader in
animal health digital tracking,
traceability and monitoring
technology for livestock and
companion animals.

Plant-Produced Vaccines: Future Applications in Aquaculture

Front. Plant Sci., 11 August 2021

production standard for international modern aquaculture. Since the 1980s, development of fish vaccines has made significant progress. The number of commercial vaccines available for use in fish expanded from two in the 1980s to 34 currently (Shefat, 2018). Up to 2020, over 140 fish vaccines have received approval globally, according to incomplete statistics (Jeong et al., 2020). Vaccine types mainly include live vaccines, inactivated vaccines, and genetically engineered vaccines. Recombinant subunit vaccines, one kind of

The Potential for Plant-Made Fish Vaccines

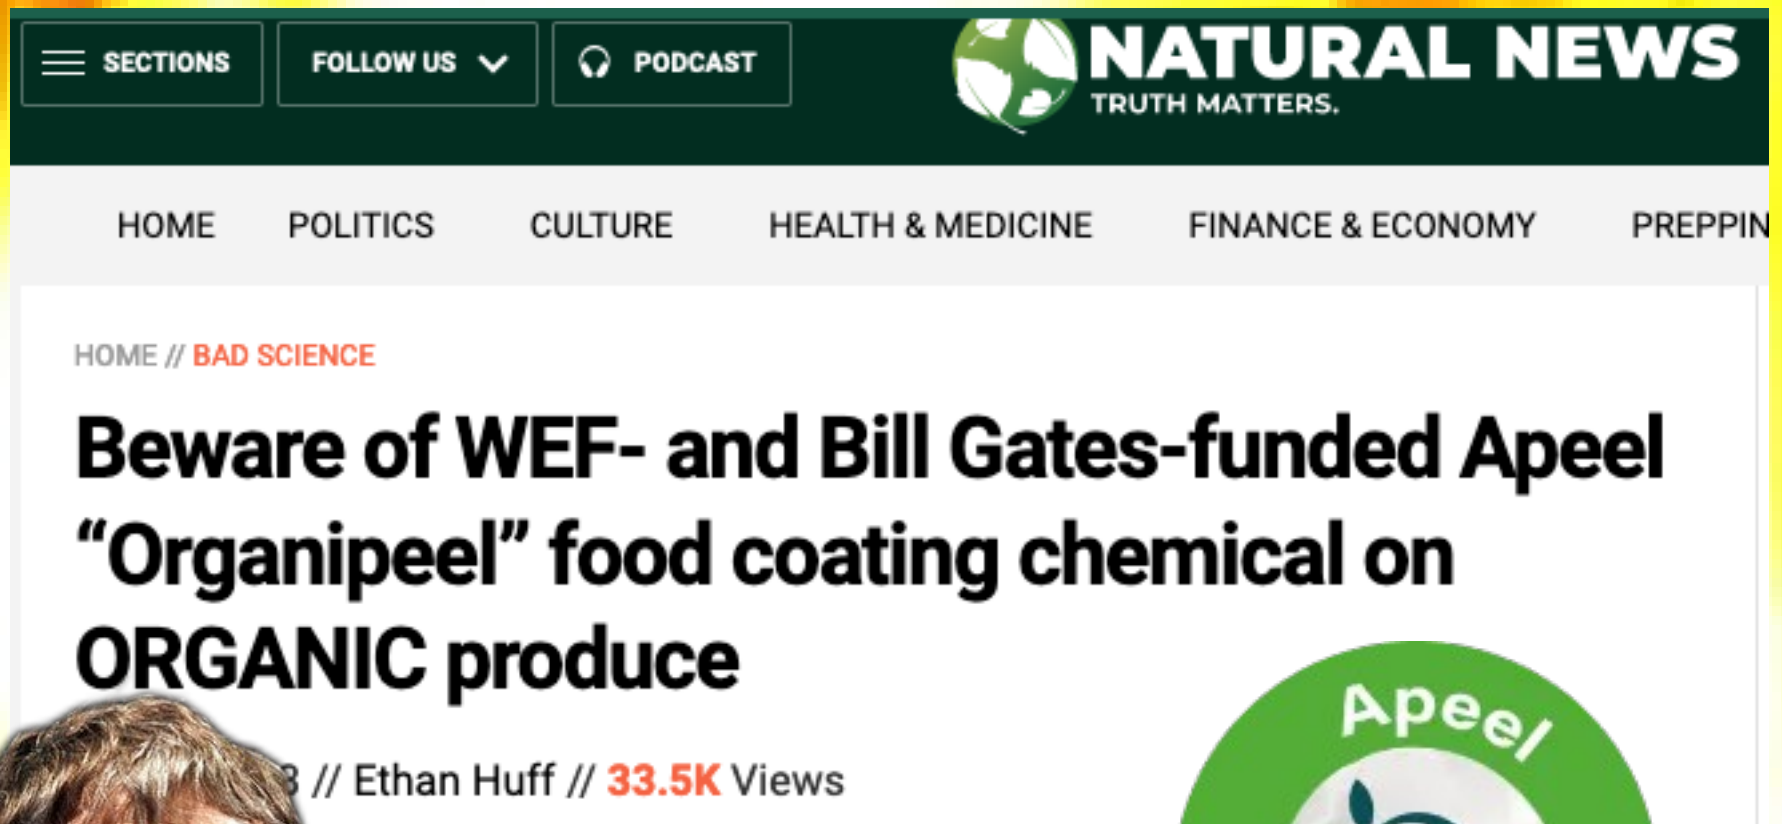

Oral vaccination provides a non-stressful and energy-saving administration for both fish and farmers (Embregts and Forlenza, 2016). Vaccination *via* feeding appears to be an ideal storage, transportation, and sterile delivery (Clarke et al., 2017), and oral recombinant plant-produced vaccine has the advantages of simplicity and safety. Thus, oral vaccine produced in edible crops offers unique cost advantages and antigen stability at room temperature.

Based on the experience from human vaccines produced in plants, the development of fish vaccines in edible crops or non-food crops for oral vaccination has great application potential. The few examples mentioned above strongly suggest that development of fish

Making RNA vaccines easier to swallow

A pill that releases RNA in the stomach could offer a new way to administer vaccines, or to deliver therapies for gastrointestinal disease.

Anne Trafton | MIT News Office

January 31, 2022

Like most vaccines, RNA vaccines have to be injected, which can be an obstacle for people who fear needles. Now, a team of MIT researchers has developed a way to deliver RNA in a capsule that can be swallowed, which they hope could help make people more receptive to them.

Plant Vaccines

- **Grow and eat your own vaccines?** The future of vaccines may look more like eating a salad than getting a shot in the arm. UC Riverside **scientists are studying whether they can turn edible plants like lettuce into mRNA vaccine factories.**
- Messenger RNA or mRNA technology, used in COVID-19 vaccines, works by teaching our cells to recognize and protect us against infectious diseases.
- One of the challenges with this new technology is that it must be kept cold to maintain stability during transport and storage. If this new project is successful, **plant-based mRNA vaccines — which can be eaten** — could overcome this challenge with the ability to be stored at room temperature. (September 16, 2021, Jules Bernstein, UC Riverside)

FACT FOCUS: COVID vaccines are not in the food supply

- But recent vaccine conspiracy theories are casting an air of fear around more mundane things — like cows and lettuce.
- In widespread posts online in recent weeks, misinformation purveyors have spread an erroneous narrative that COVID-19 mRNA vaccines are being quietly added to the food supply, threatening staunch vaccine holdouts.
- In some cases, users misrepresented **the limited use of RNA-based vaccines in animals**. In others, they distorted **a company's research into using plants to grow proteins used in vaccines**... Chen said **scientists have used plants to grow vaccines that can be extracted and used for injections**. (Angelo Fichera, Published 12:38 PM CST, April 25, 2023)

Plant-derived vaccines

Plant-derived vaccines have several advantages. They can be produced cheaply in very high amounts, carrier plants such as potatoes and corn are readily accepted by patients and antigens derived from them are stable and can be stored for long periods of time. The likelihood that contamination by a

Your Food Has Been Destroyed

- ALAS!! for the day! for the day of אָז אַז is nigh, and it will come as trouble upon trouble. [Your] meat has been destroyed before your eyes, joy and gladness from out of the house of your Aluhiym. The heifers have started at their mangers, the treasures are abolished, the wine-presses are broken down; for the corn is withered. What shall we store up for ourselves? the herds of cattle have mourned, because they had no pasture; and the flocks of sheep have been utterly destroyed. (Joel 1:15-18, LXXE)
 - meat (G1033, βρώματα), **food** (literally or figuratively), **especially** (ceremonially) articles **allowed** or forbidden **by the** Jewish **law**:—meat, victuals
 - destroyed (~G1842, ἐξωλοθρεύθη), from derivatives of G1537 and G3645
 - ἐξω- éxo (~G1537), derivative of G1537 (ἐξ)*: prefix: out, **outside**
 - λοθρεύθη (G3645), **to spoil, destroy**
 - -θη is a **future** passive suffix

* <https://lsj.gr/wiki/ἐξ>

All Their Produce Is Spoiled

(Unclean Ingredients, Hard Fat, GMO, Vaccines,
Poison Dust)

- I said, But do ye fear Me, and receive instruction, and ye shall not be cut off from the face of the land [for] all the vengeance I have brought upon her: prepare thou, rise early: all their produce is spoilt. Therefore wait upon Me, saith יהוה, until the day when I rise up for a witness: because My judgment [shall be] on the gatherings of the nations, to draw to Me kings, to pour out upon them all [My] fierce anger: for the whole earth shall be consumed with the fire of My jealousy. For then will I turn to the peoples a tongue for her generation, that all may call on the name of יהוה, to serve Him under one yoke. (Zephaniah 3:7-9, LXXE)
 - Spoilt (G1311, διέφθαρται), to rot thoroughly, to ruin (passively, decay utterly, figuratively, pervert), corrupt, destroy, perish

Messiah's Warning

- ...Authority was given to them over a fourth of the earth, to kill with sword, and famine, and **plague**, and by the wild animals of the earth. (Revelation 6:8, NASB20)
- **For then shall be great tribulation, such as was not since the beginning of the world to this time, no, nor ever shall be. And except those days should be shortened, there should no flesh be saved: but for the elect's sake those days shall be shortened.** (Matthew 24:21-22)
- **But he that shall endure unto the end, the same shall be saved.** (Matthew 24:13)

The Curses Of The Last Days

- **But it shall come to pass, if thou wilt not hearken unto the voice of אף אַז thy Aluhiym, to observe to do all His commandments and His statutes which I command thee this day; that all these curses shall come upon thee, and overtake thee: Cursed shalt thou be in the city, and cursed shalt thou be in the field. Cursed shall be thy basket and thy store. Cursed shall be the fruit of thy body, and the fruit of thy land, the increase of thy kine, and the flocks of thy sheep.** (Deuteronomy 28:15-18)

The Curses Of The Last Days

- אֲנִי אֶעֱשֶׂה shall make the pestilence cleave unto thee, until he have consumed thee from off the land... And תֵּי הַשָּׁמַיִם thy heaven that is over thy head shall be brass, and the earth that is under thee shall be iron. אֲנִי אֶעֱשֶׂה shall make the rain of thy land powder and dust: from heaven shall it come down upon thee, until thou be הִשָּׁחַת destroyed. (Deuteronomy 28:21/23-24)

The Curses Of The Last Days

- Then אִתְּךָ will make thy plagues wonderful, and the plagues of thy seed, even great plagues, and of long continuance, and sore sicknesses, and of long continuance... Also every sickness, and every plague, which is not written in the book of this law, them will אִתְּךָ bring upon thee, until thou be destroyed.
(Deuteronomy 28:59/61)

The Curses Of The Last Days

- ...he that is in the city, famine and pestilence shall devour him. (Ezekiel 7:15)
- And when he had opened the fourth seal...I looked, and behold a pale horse: and his name that sat on him was Death, and Hell followed with him. Authority was given to them over a fourth of the earth, to kill with sword, and famine, and plague, and by the wild animals of the earth. (Revelation 6:8, NASB20)
- Then   will make thy plagues wonderful, and the plagues of thy seed, even great plagues, and of long continuance, and sore sicknesses, and of long continuance... Also every sickness, and every plague, which is not written in the book of this law, them will   bring upon thee, until thou be destroyed.
(Deuteronomy 28:59/61)

Come Out Of Babylon

- And I heard another voice from heaven, saying, **Come out of her, My people, that ye be not partakers of her sins, and that ye receive not of her plagues.** (Revelation 18:4)
 - **Go forth of Babylon, thou that fleest from the Chaldeans: utter aloud a voice of joy, and let this be made known, proclaim it to the end of the earth...** (Isaiah 48:20, LXXE)
- **...he that is in the city, famine and pestilence shall devour him.** (Ezekiel 7:15)
- **I will bring you out from the nations, and will take you out of the lands wherein ye were dispersed, with a strong hand... And I will bring you into the wilderness of the nations, and will plead with you there face to face.** (Ezekiel 20:34-35, LXXE)
- **...prepare thou,** rise early: **all their produce is spoilt.** (Zephaniah 3:7, LXXE)

There Is Death In The Pot

- And Elisha returned to Galgala: and a famine in the land; and the sons of the prophets sat before him: and Elisha said to his servant, Set on the great pot, and boil pottage for the sons of the prophets. And he went out into the field to gather herbs, and found a vine in the field, and gathered of it wild gourds, his garment full; and he cast it into the caldron of pottage, for **they knew not**. And he poured it out for the men to eat: and it came to pass, when they were eating of the pottage, that lo! **they cried out, and said, [There is] death in the pot**, O man of Aluhiym. And they could not eat. (2 Kings 4:38-40, LXXE)
 - Elisha (H477, אלישע), from H410 (אל) and H3467 (ישע), “Aluhiym saves”
 - Gilgal (Galgala) (H1536/H1537, גלגלה), wheel, circle

No Longer Any Hurtful Thing

- And Elisha returned to Galgala: and a famine in the land; and the sons of the prophets sat before him: and Elisha said to his servant, Set on the great pot, and boil pottage for the sons of the prophets. And he went out into the field to gather herbs, and found a vine in the field, and gathered of it wild gourds, his garment full; and he cast it into the caldron of pottage, for **they knew not**. And he poured it out for the men to eat: and it came to pass, when **they were eating of the pottage**, that lo! **they cried out, and said, [There is] death in the pot**, O man of Aluhiym. And they could not eat. And he said, Take meal, and cast it into the pot. And Elisha said to his servant Gehazi, Pour out for the people, and let them eat. And there was no longer there any hurtful thing in the pot. (2 Kings 4:38-41, LXXE)

Depart And Sanctify Your Temple

- Furthermore then we beseech you, brethren, and exhort you by the Master ㉚㉚㉚, that as ye have received of us how ye ought to walk and to please Aluhiym, so ye would abound more and more. For ye know what commandments we gave you by the Master ㉚㉚㉚. For this is the will of Aluhiym, even your sanctification... That every one of you should know how to possess his vessel in sanctification and honour... For Aluhiym hath not called us unto uncleanness, but unto sanctification. (1 Thessalonians 4:1-4/7)
- ...behold, the kingdom of Aluhiym is within you. (Luke 17:21)
- Wherefore come out from among them, and be ye separate, saith ㉚㉚㉚, and touch not the unclean thing; and I will receive you, And will be a Father unto you, and ye shall be My sons and daughters, saith ㉚㉚㉚ Almighty. (2 Corinthians 6:17-18/ Isaiah 52:11/ 2 Samuel 7:14)

Sanctify Your Temple

- Furthermore then we beseech you, brethren, and exhort you by the Master ㉟ㄩㄚㄣ, that as ye have received of us how ye ought to walk and to please Aluhiym, so ye would abound more and more. For ye know what commandments we gave you by the Master ㉟ㄩㄚㄣ. For this is the will of Aluhiym, even your sanctification... That every one of you should know how to possess his vessel in sanctification and honour... For Aluhiym hath not called us unto uncleanness, but unto sanctification. (1 Thessalonians 4:1-4/7)
- ...behold, the kingdom of Aluhiym is within you. (Luke 17:21)
- Wherefore come out from among them, and be ye separate, saith ㄩㄚㄣ, and touch not the unclean thing; and I will receive you, And will be a Father unto you, and ye shall be My sons and daughters, saith ㄩㄚㄣ Almighty. (2 Corinthians 6:17-18)

Choose Life

- I call both heaven and earth to witness this day against you, I have set before you life and death, the blessing and the curse: choose thou life, that thou and thy seed may live; to love אףאל thy Aluhiym, to hearken to His voice, and cleave to Him; for this [is] thy life, and the length of thy days, that thou shouldest dwell upon the land, which אףאל swore to thy fathers, Abraham, and Isaac, and Jacob, to give to them.

(Deuteronomy 30:19-20)

- ... [There is] death in the pot... (2 Kings 4:40, LXXE)

THERE IS DEATH
