```
 D                    Dsus2  A          Asus2
I thought that I was all alone, broken and afraid
         Em          Em7        G          A
but You were there with me, You were there with me.
 D            Dsus2       A          Asus2
I didn't even really know, That I had lost my way
         Em          Em7        G          A
but You were there with me, You were there with me.

      Cadd9         G6/B         A
'Til You opened up my eyes I never knew,
      Cadd9        G6/B          A      Asus  A
That I couldn't ever make it without You.

            D          Dsus2              A        Asus2
Even though the journey's long, and I know the road is hard,
         Em               Em7            G              A
Well the One who's gone before me, He will help me carry on.
            D          Dsus2        A        Asus2
After all that I've been through, now I realize the truth,
         Em                 Em7     G              A            D   (x)
That I must go through the valley, to stand upon the mountain of Yah.

     D            Dsus2        A                    Asus2
As I travel on the narrow way, That You have lead me down
       Em       Em7      G          A
You are here with me, You are here with me.
     D                Dsus2         A              Asus2
And I have the need for nothing more oh now that I have found,
       Em       Em7      G          A
You are here with me, You are here with me.

     Cadd9            G6/B           A
I confess from time to time I lose my way,
         Cadd9         G6/B          A      Asus  A
But You're always there to bring me back again.

         Em                Em7       G              A              F
That I must go through the valley, to stand upon the mountain of Yah.

F                       D
   Sometimes I think of where I've come from,
F                           D
   And the things I've left behind.
      Bm                                 E
But of all I've had what I possessed nothing can quite compare,
            G                      A             (x)
With what's in front of me, what's in front of me.

              E                          B
Even though the journey's long, and I know the road is hard,
        F#m                             A           B
Well the One who's gone before me, He will help me carry on.
             E                      B
After all that I've been through, now I realize the truth.

      F#m                        A           B
That I must go through the valley, To stand upon the mountain,
I must go through the valley, To stand upon the mountain,
I must go through the valley, To stand upon the mountain.

  E                         B
I thought that I was all alone, broken and afraid
          F#m                      A
but You are here with me, yes You are here with me.
