

How Great Is Our Yah

How Great is our Yah, sing with me how great, is our Yah
And all will sing how great, how great, is our Yah

Glory of the King, beginning and the end
Let all the earth rejoice, all praise to our Yah
The name above all names, worthy of all praise
How my heart will sing, how great is our Yah

How Great is our Yah, sing with me how great, is our Yah
And all will sing how great, how great, is our Yah
How Great is our Yah, sing with me how great, is our Yah
And all will sing how great, how great, is our Yah

The light of the world, and darkness tries to hide
And trembles at His voice, the great I AM
Age to age He stands, and time is in His hands
I am in His hands, the great I AM

How Great is our Yah, sing with me how great, is our Yah
And all will sing how great, how great, is our Yah
How Great is our Yah, sing with me how great, is our Yah
And all will sing how great, how great, is our Yah

How Great is our Yah, sing with me how great, is our Yah
And all will sing how great, how great, is our Yah
How Great is our Yah, sing with me how great, is our Yah
And all will sing how great, how great, is our Yah
