

Sing

**Sing for the children, sing for them now, A melody to help us see the painful sound
Sing for the people, who can't sing right now, This melody that's come to see the world around
Help me to not to forget those in need, teach me how to heal the hearts that bleed**

**Won't you help me understand what life is, what it's all about
Light the way to show the world where love abounds
Won't You help to see the way You see me, on the endless clouds
Give me ability to know Your word**

**So teach me Yah to number all my days, give me wisdom Yah to know Your ways
Lead me not into temptation or to despair, deliver me as it is well with my soul**

**So pray for the children, pray for them now, Mercy and anointing may it abound
Pray for the people, who can't see right now, The time has come to bring them back around**

**Won't you help me understand what life is, what it's all about
Light the way to show the world where love abounds
Won't You help to see the way You see me, on the endless clouds
Give me ability to know Your word**

**So teach me Yah to number all my days, give me wisdom Yah to know Your ways
Lead me not into temptation or to despair, deliver me as it is well with my soul**

**Let the words of my mouth, unto my heart, be acceptable to You
You are my El, all of my strength, my Redeemer I trust you
All of the words, unto my heart, be acceptable to You
You are my El, all of my strength, my Redeemer won't You**

**Help me understand what life is, what it's all about
Light the way to show the world where love abounds
Won't You help me see the way You see me, on the endless clouds
Give me ability to touch the world**

**Won't You help me understand what life is, what it's all about
Light the way to show the world where love abounds
Won't You help me see the way You see me, on the endless clouds
Give me ability to touch the world**
